HUMAN EVENTS  
30 JANUARY 1982

# Capital Briefs

★ Although the Post's and Journal's attacks on the White Paper have been exposed by *Human Events* as sloppy, misleading and based on the work of CIA defector Philip Agee, Jack Anderson recently charged that the White Paper was "shown to have relied on highly questionable and probably forged documents." The Post and Journal, in fact, did not claim the captured documents were "probably forged." Agee is the only critic who suggested that. Is Agee the authoritative source for Anderson on the validity of the White Paper?
